

## ASSEMBLIES

It is always fun getting the entire student body together for an assembly. But, assemblies can drain the bank and miss the point you wanted emphasized. Assemblies also have a tendency of speaking to a portion of the audience. The HERO Builder has taken into consideration the needs of the audience.

Guess what? You don't have to bring in a speaker for your assemblies if you don't want to. The HERO Builder has provided scripts so that you can do assemblies on your own. Yes, you read that right! You have who you need to lead an assembly in the school and community you serve. The talent you have in your own backyard is off the charts and ready to step into an opportunity that will make a difference.

The provided scripts work in a progressive order. Use them as a guide to create an impactful assembly for your students and staff.

## HERO BOWL

This is not a new idea, but it is a great idea in building community! The Hero Bowl is a great way to let others know they matter to you and what they do doesn't go unnoticed. The sky is the limit! Be creative and take it to the streets! Which heroes in your community can you highlight with a Hero Bowl?

Start with providing HERO Bowls for the unsung heroes (secretaries, custodians, nurses, cafeteria staff). An instruction card is placed in each HERO Bowl to be passed on throughout the school year until every teacher/staff has received it. A hero note should be written telling the recipient why they are your hero.
