

Additional ideas that have come from teachers as a result of implementing THE HERO BUILDER program:

- **HERO Book** What if your school selected students to participate in an art project? Each student is assigned one of the HERO ACTION WORDS to illustrate with art. *For example:* On the page is the phrase – A HERO is ‘Respectful’ to others! The student draws what being respectful to others looks like to them. When all Character Traits of a HERO are drawn, they can be put in book form for your school to enjoy (like the yearbook they receive). This may be a good fund-raiser project for your students to participate in. Contact us via www.TheHeroBuilder.com for assistance.
- **HERO Bench** When a student needs a word of encouragement, they go to the HERO bench where another student provides encouragement, help, etc.
- **HERO of the Day** Teachers appoint student leaders in their class to select HERO of the day (all kids have a hero in them to be celebrated).
- **HERO of the Day** Staff and Students – To be announced over the school PA.
- **HERO Action Words** Announced over the PA weekly
- **HERO Cape** Assistant Principal at an Elementary School made capes for all the Education Assistants and knighted them with the cape in a session. Every Friday, they have the option of wearing their capes to keep “The HERO Builder” top of mind.
- **HERO Journal** The Hero Builder Journal Page to track HERO Growth

Where can *your*
CREATIVITY
take The Hero Builder
program for your school?
